

EXPERIENCE

ABOUT ME

Software Developer specializing in frontend development and UI optimization. Proficient in HTML, CSS, JavaScript, and jQuery, with solid backend knowledge of ASP.NET MVC and SQL databases. Currently expanding expertise in React and Blazor.

September 2023 – Present

Frontend Developer

Sibylla Srl – Rome, Italy

- Standardized user interface components (buttons, tables, layouts).
- Refactored and optimized code (HTML, CSS, JavaScript, jQuery).
- Integrated frontend with ASP.NET MVC and REST APIs.
- Managed shared logic through centralized JavaScript.
- Currently working on migrating a mobile application to Blazor.

October 2022 – May 2023

Frontend Developer Intern

BetterTogether Srl – Rome, Italy

- Developed front-end for automated invoicing (B2C and B2B2C).
- Integrated APIs with Aruba for electronic invoicing.
- Standardized UI and improved user experience.
- Refactored code to enhance performance and maintainability.
